

Winner of
Medium Coach Operator of the Year,
11-30 vehicles

Supported by

Golden Boy Coaches Hertfordshire

Judges comments:

'Such is the quality of the nominations in this category that the judges elected to identify seven operators for commendation. However, there can only be one winner, and that winner is a company that prides itself on offering its customers an excellent service with an extremely young fleet of coaches driven by professional, well-trained and uniformed drivers. Over the last five years in particular, Golden Boy has accelerated its fleet upgrade programme and adopted a policy of continued fleet re-investment. Vehicles are fitted with Masternaut tracking systems, it has a new three-bay workshop and automatic coach wash, it offers drivers an excellent employment package, operates a structured rest day system, and provides full Driver CPC training.'
